

FAIRLIE, THE GATEWAY TO MACKENZIE COUNTRY

With the back drop of snow-capped mountains, criss-crossing rivers, glacial fed turquoise coloured lakes and green pastures, sits the Mackenzie Country. The gateway to this beautiful scene is the rural town of Fairlie, made up of small, very close knit and supportive rural community.

Fairlie offers many hidden gems and an unbelievable amount of exploring to do from summer through to winter. The range of activities are endless, with world class star gazing tours, fishing, curling, ice hockey or even mountaineering. Mackenzie Country also boasts four ski fields, a top class rowing venue, and world class gliding locations. While many in the area live a rural lifestyle the opportunities in the agriculture sector are endless, including High Country Sheep and Beef Stations, Dairying, Cropping and Beekeeping.

While we are the back drop to television commercials, documentaries, and motion pictures such as The Lord of the Rings Trilogy, this area is becoming a popular creative paradise for all artistic endeavours. Tourism is on the rise for the region and is fast growing, presenting many exciting opportunities for the region.

Fairlie and the Mackenzie District offer an idyllic location, and an exciting lifestyle option. It truly is one of New Zealand's small pieces of paradise.
