

Jump Start to School

Our Jump Start to School programme is an initiative we will have running again in Term 4 2019. This programme is available to four year olds in the district who may be interested in beginning their schooling journey at Fairlie Primary School.

The programme will run from **2pm - 3pm on Wednesday afternoons, in Korimako, our New Entrant classroom. The first session is Wednesday 23rd October.**

See our live calender on our website www.fairlie.school.nz for confirmations on dates.

During these afternoons children will get to: explore our space, get to know the teachers and the classroom environment as well as continuing friendships from kindergarten, pre-school and the wider community.

Parents and Whānau will have the opportunity to meet other parents in a relaxed environment, become familiar with the classroom environment and meet the teachers.

You do not need to enrol in this programme, just sign in at our office and pop over to Korimako.

If you have any questions contact Courtney on courtney@fairlie.school.nz

We look forward to seeing you there.
